

# Meet Unu ForBiz

## Private healthcare for your people from R121 a month

**Unu. Healthcare that  
makes you smile.**

Unu ForBiz gives your people the tech, tools & tips they need to stay healthy. And brings their medical benefits to life. Something to smile about, right?

# What does Unu do?

For your employees:

## A health consult

So they can chat instantly to a nurse or doctor via WhatsApp & get a script.

## A health record

So they can carry & share their medical records, captured safely on the app.

## A health score

So they can input their health info, get it verified, and track their health with trusted tips.

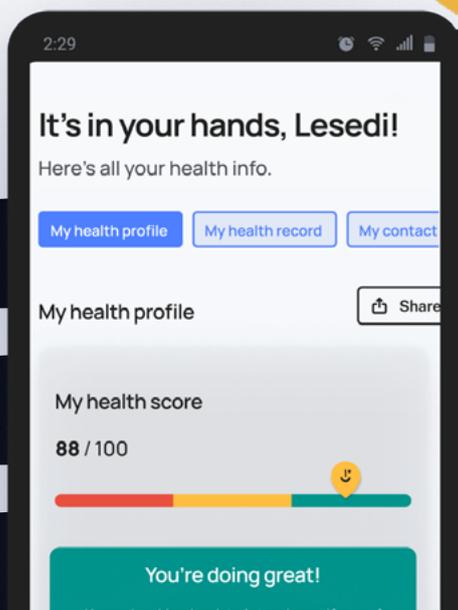

## A benefits tracker

So they can view & track their benefit use over time.

## A national network of providers

So they can access 3 400 private GPs, 8 000 specialists and 3 500 pharmacies across SA.

## Ready to pick a package?

## For you:

### A wellness dashboard

Get a fully anonymised overview of your workers' wellbeing, ensure compliance & reduce risk.

### Meaningful data

Use predictive data to gain meaningful insights so you can drive informed HR strategies & wellness initiatives.

### Reduced absenteeism

Stop sick leave & absences from eroding your bottom line, through digital triage, telemedicine & primary care.

### Enhanced employee benefits

Attract & retain talent with affordable health packages & wellness programmes tailored to your workforce.

# Pick a package to suit your budget & business needs

## ForBiz / Fully funded by the employer

Compulsory for all employees or groups of employees

Employees can't add dependants
